~~John Mickus, Secretary~~
Dan Oas

Guests Present

None

Meeting Minutes

Bob Frodeman, Chair, called the meeting to order.

The board discussed meetings held on May 30th with the State Loan & Investment Board and Nelson Engineering. It became known through these meetings that the District would need to approve a mill levy for the upcoming fiscal year sufficient to service our future loan in order for our loan application to be considered by SLIB this year.

Marty Camino made a motion to approve a 5.5 mill levy for the 2026 fiscal year. Chris Jaubert seconded and the motion was approved unanimously.

There was no further business.

The meeting was adjourned.
